Monica A. Smith, Director

The New Jersey Library Association (NJLA) has made a formal offer to the Louis Bay 2nd Library of becoming an institutional member for a fee of \$150. The Board inquired to the benefits of such a membership. Ms. Smith discussed the benefits of being a NJLA institutional member: one free NJLA event, discounted rate for the NJLA conference, free posting on the NJLA jobs page (which is currently a fee of \$50). Ms. Smith brought up that the Library currently pays for her membership at \$130 per year. The Board asked is it better to have personal memberships or institutional? It may be better to pursue an institutional membership once the current personal memberships are due. The Board will revisit this issue in the future.

The Valley Hospital Auxiliary (Hawthorne Branch) gave the Library a \$250 donation. Ms. Smith will write and send them a thank you letter. There was a question of whether the Library has to take donations in general. The Library does have a Gift Policy and any donation would have to be in accordance with said policy.

The lawyers overseeing the Frank Rea, Sr. Remainder Trust noticed the Library that they are continuing to pursue the distribution of the Trust on the State level.

A discussion regarding the security cameras started, but was tabled until the Technology section of the agenda.

The Board will pay Dynamic Security for their most recent work they did, but will look to find a different company to repair the Library cameras.

The Library received a copy of the Certification of Worker Comp from the State of the Library records.

The painters who painted Meeting Rooms A & B gave the Library an estimate for Meeting Room C.

Although, the Library is still missing documentation from Boswell regarding the HVAC units (manuals, payroll certification), the Board will approve the checks and the Mayor will deliver the checks to Boswell and restate the need for said documentation. Ms. Smith will send a follow-up email to Boswell.

The Library is still holding the checks for Reiner.

BUILDINGS AND GROUNDS Joseph Metzler, Committee Chairperson

The Library is still waiting for the documentation regarding the approved inspection of the boiler.

Although, the phones were out on Saturday, 8/13, the issue was corrected on Monday, 8/15. The Board asked if the Library should get an uninterrupted power supply for the phones. The technology committee will look into it. In addition, the fax machine at the reference desk was having issues on Monday, 8/15, it was fixed by that evening.

The walkway from the Library park lot to the Children's room entrance was completed. However, DPW just need to strip the parking space where the path begins in the parking lot.

A rain gauge was placed on the roof by the DPW.

The magazine shelving still needs to be moved.

The Board asks the parts of the Library copiers be researched.

TECHNOLOGY Richard A. Spirito, Jr., Committee Chairperson

There were issues with the modem in the Children's room on Monday, 8/15. However, the issue has been corrected.

Regarding the security cameras, the Board recommended that the Library inquire if Passaic County Tech could address the issues the Library is having. Although, nothing is wrong with the cameras, there is an issue with the software and DVR unit. Further, the Board asked how staff members enter the Library. The staff uses keys. The Board inquired if it was possible to change to a key fob. Since that is what the Schools are using and the Hawthorne Police, Fire, and EMT departments have their own key fob for the schools. There was also a question regarding using a security app? The Technology Committee will pursue these issues.

Ms. Smith reminded the Board that the Library will have to replace BCCLS hardware in 2017. In addition, since the Library has to replace said hardware; Ms. Smith asked if the Board wanted to add more ports and more computers, which would change the cost of the hardware. The Board decided not to pursue a larger piece of hardware at this time.
